

# Building Our Team

Most of us have been on teams – sports, college, church, volunteer, etc. If you have ever been a part of a team, you know how hard it is to be truly successful! Teamwork seems to be such a simple concept: Working together to accomplish something that one person working alone couldn't do. In fact we have a rich tradition in this country of working in teams to accomplish tasks and goals. This session is a combination of experiential learning which helps the team get to know each other, build trust and morale, and an education portion which gives the team tools to further build their team.

## Sample 3 hour Session:

- Hold a vision that encourages effort toward future goals
- Learn to turn individual strengths into team assets
- The benefits & challenges of working in teams
- Understanding and appreciating individual contributions to teams
- Giving and receiving feedback

**Contact us today to see how we can  
customize this session for you!**
